1. A meeting was held in General Cabell's office on 31 March to discuss NSA Project "██████████". Present were General Erskine and Colonel Lansdale of OSD, ██████████ of NSA, the DDCI, the AD/CI, and the Chief, SpINT. The DCI was also present for part of the meeting to express his views on the problem. 25X1A2d1 25X9A8

2. The DCI stated that he would request the Bureau of the Budget to allocate ██████████ from the CIA Contingency Reserve for the purpose of taking over from NSA the funding of the ██████████. This would enable NSA to divert to Project "██████████" those NSA funds presently allocated to the ██████████.

3. The DCI added that he viewed this as a temporary measure which would be discontinued when NSA reestablishes the "██████████" project in its regular budget. He also stated that the Bureau of the Budget would have to approve of this action.

4. The OSD representative said that OSD would also attempt to obtain ██████████ to make available to NSA the total of ██████████ required to maintain and expand the project.

5. It is requested that the DD/S, in preparation for an approach to the Bureau of the Budget, coordinate with:
